

CASE STUDY YACHT

53m Damen Yacht Support - Rafter

ICON
CONNECT

BRIEF

The fourth in the Yacht Support 53 series from Damen Yachting, Rafter was commissioned as a support vessel for the client's main yacht, M/Y Paladin. She will be used both as a support / adventure yacht and also for overflow guest accommodation during family cruises.

RESPONSE

The yacht's AV/IT infrastructure was managed from a single technical space using two full height equipment racks.

The Lazarette is provisioned with a small technology station which provides flexibility for a host of future "Bolt-On" entertainment solutions from Outdoor Cinema to Golf Simulator.
